Art Unit: 1724

Objection is made to Claims 1 – 11 for minor informalities: In claim 1 step (c), “oxygen containing” should be replaced by “oxygen-containing.” In claim 3, “support immobilized” should be replaced by “support-immobilized.” In claim 4, “non-organic” must be replaced by “inorganic.”

Claim 6 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. It is unclear which steps of the step-less “water purifying process” [sic, the “oxygen supplying method” ?] are the aerobic steps. This rejection may be overcome by changing “steps” to “step (c)” and changing “water purifying process” to “oxygen –supplying method.”

Claims 1 – 11 are allowable over art for the reasons given in the PCT application.
